The Game a Number of President Cleveland's Friends Will Play.

THEY'LL FOLLOW HIM TO NEW YORK

Where They Have Secured Good Positions

in Big Paying Concerns. ME. FAIRCHILD IN A TRUST COMPANY,

to Practice Law.

The authoritative announcement in THE SUNDAY DISPATCH that President Cleveland is to locate in New York City March 5, as a member of a prominent law firm, is followed by the information that Dan Lamont, Secretary Fairchild and Speaker Carlisle are to follow Mr. Cleveland's example and live in the metropolis in the future. Mr. Fairchild is to be President of a trust company, Dan Lamont of a street railway company, and the Speaker wishes to acquire a New York residence for future political

PRECIAL TELEGRAM TO THE DISPATCE.1 NEW YORK, February 4 .- Of the 1,500,-000 New Yorkers perhaps 10 per cent have seen Grover Cleveland. General Arthur, as a New Yorker, was a familiar figure, but after he became President there was just as much curiosity to see him as if he had come out of the West. The announcement that Mr. Cleveland will on March 5 come to New York and associate himself with the law firm of Bangs, Stetson, Tracy & MacVeagh created a good deal of interest yesterday. General Arthur, after his term, associated

himself with his old firm, Knevals & Ransom, and was valued for his great knowledge of riparian rights. Roscoe Conkling made a fortune as a jury pleader, and there was considerable interest to learn Mr. Cleveland's specialty. Mr. Francis Lynde Stetson said that he didn't know of any, except that Mr. Cleveland was endowed with great chunks of sense.

WHAT HIS WORK WILL BE.

Mr. Cleveland will take ex-Attorney General McVeagh's place in the firm. It has been said that Mr. Cleveland will not try cases in court. Mr. Stetson said that Mr. Cleveland will do anything that any other lawyer does, and will go into court if the business of the firm and his inclination take

Mr. and Mrs. Cleveland will live temporarily at the Victoria Hotel. Mr. Cleveland is a personal friend of the proprietor, and will remain at the hotel until he has bought a house. A singular feature of Mr. Cleveland's new location will be that he can look out of his office windows at 45 William street, right into the windows of the Mugwump factory run by William M. Ivins and others in the last campaign against Governor Hill,

Mr. Cleveland will not be the only cen directly connected with his administration who will take up a permanent residence in New York. Secretary Fairchild was in town to-day putting the finishing touches to his business arrangements. He has bought a house in Washington Square, and will

PRESIDENT OF A TRUST COMPANY, with C. C. Baldwin, formerly President of the Louisville and Nashville Railroad Company, and others as directors. The name of the new trust company is not yet given out. Colonel Dan Lamont will become President of a New York street railroad company, if his present intentions are carried Negotiations with Secretary William C. Whitney are also under way in the in-terest of Colonel Lamont. It was stated that Mr. Whitney will further the interests of the Broadway and Seventh Avenue Railroad Company in a plan to extend the tracks of the company on through the sub-urbs, and by a rapid transit plan over the Harlem into Westchester county and be-

yond.

In addition to all those, it is said that
Speaker Carlisle will shortly practice law
in New York. He will either open an office
or become associated with a firm somewhat after the fashion of Mr. Cleveland. Not that Mr. Carlisle is to cut loose from polities, or at least until his term expires, but he has become impressed with the disadvantages of Kentucky, and will, it is stated, make a start here preparatory to the time when he can become a permanent resi-

The presence of 60 or 70 men with picks and shovels on their shoulders in Homestead Monday morning was the cause of more or less excitement among the residents, more or less excitement among the residents.

The workmen began work just outside the Keisch for Assessor. borough limits, and people thronged there to see what they were about.

It was learned that they were in the employ of the Pittsburg, Virginia und Charleston Company, and that a junction was to be made with the Pittsburg, McKeesport and Youghiogheny road. It is the prevailing impression that the movement is calculated

There is no available route through the borough except between the two roads named, and this junction between them would be a serious obstable in the way. The Pittsburg, Virginia and Charleston station agent states that he understands his company is simply laying a cross-over to take the place of the Jones & Laughlin's junction, which they have been compelled to use at great expense, for many years.

### Objectionable Literature Circulated Among School Children.

There is a leper traveling on the Ft. Wayne Railway, and some people along the line are anxious that the authoritie should inquire into the case and have the obnoxious person driven from the road ere he contaminates the youth who travel back and forth in this way to school. Someone has been scattering objectionable literature and pictures among the boys who at-

tend school in the city. An effort has been made to ferret out the scalawag, but so far it has been unavailing, owing to the reticence of the pupils. It was stated that a young man named Ralston, who attends the Third ward school, knew something of the matter. Miss Graham, the principal, interviewed the young man and he stated that he had seen the objectionable stuff, but knew not whence it came or whither at went. The young man was candid, and his manner carried conviction with it, but from what was heard from a patron of the ine the subject is worthy of inquiry.

After a clear expression in behalf of revolt had been made, the meeting resolved to unanimously support Thomas McMichaels for Select Council, and "let the rest of the ticket look after itself."
